The Perception

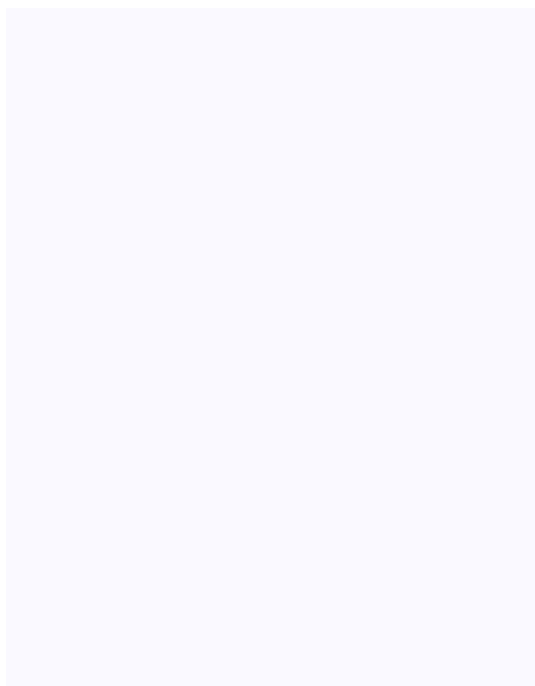

The company was incorporated in 2019 by the young and dynamic entrepreneurs of Eastern India with the intent to manufacture and market quality Laminates for the people of Eastern India and its neighbouring countries. The promoters understand the product, the behaviour of market, need of customers and are having huge experience of marketing the Laminates and Plywood as they are dealing in these items for last one decade.

The promoters are professionally qualified persons and believe in loyalty and honesty with a niche to serve at best to the customers with a variety of products therefore giving an opportunity of selection for the clients as per their suitability.

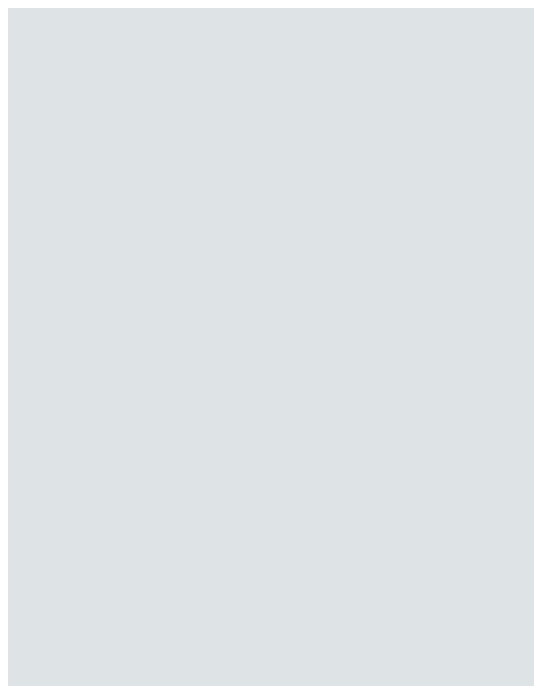

Quality and punctuality shall be the strength of the company "INTIM" which will lead to offer commendable products for its valued clientele. With the growing interior and furniture demand, there is a vacuum for manufacturers in Eastern India and the promoters are keen to serve the customers.

Our Product range shall have wide variety from lanners , 0.8mm to 1 mm Laminates with latest designs and material. Apart from 0.8mm and 1 mm laminates, the company shall also offer varieties of Door Skin. The company proposes to manufacture flush doors, particle boards and MDF Boards very soon thereby having several products under " INTIM".

The company strongly believes and relies on adding more values to the products so that our customers, designers, architects, builders, and many more meet their needs.
